## RAFFI MARDIN

UNDERGRADUATE ENGINEERING STUDENT

Palu, Central Sulawesi, Indonesia

dmardin@gmail.com | +62-853-4072-5481

github.com/Dareean

Innovative Informatics Engineering undergraduate with demonstrated experience in developing digital solutions and entrepreneurial projects. Proven track record in creating responsive, user-focused applications with strong emphasis on scalability and business impact. Passionate about leveraging technology to solve community challenges while expanding technical knowledge through university coursework and active involvement in programming organizations.

## TECHNICAL PROJECTS AND ORGANIZATION

### E-COMMERCE PLATFORM DEVELOPMENT PROJECT

PT Educa Sisfomedia Indonesia | July 2023 – September 2023

- Developed scalable digital solution enabling local businesses to expand market reach
- Implemented secure user system supporting multiple stakeholder access
- Created comprehensive platform using modern tech stack (Bootstrap, Laravel)
- Demonstrated ability to deliver business-ready solutions through team collaboration

### LANDING PAGE UMKM – BATIK E-COMMERCE

PT Educa Sisfomedia Indonesia | February 2023 – June 2023

- Spearheaded development of digital platform supporting traditional craftsmen
- Bridged technology gap for local UMKM businesses through intuitive interface
- Enhanced market access for traditional Batik products through digital innovation
- Created sustainable digital solution for community business development
- Optimized user experience to support business growth and customer engagement

### MOBILE APP – JASA KITA

Team Leader Project | February 2025 – March 2025

- Spearheaded UI/UX design for the Jasa Kita mobile app, including interactive layouts and page flows.
- Acquired UI/UX independently, demonstrating a strong initiative for rapid learning and practical application.
- Led a 3-person team through a UI/UX competition, honing project leadership and design execution.

### UI/UX COMPETITION – Red Campus Futurist Informatics Competition

Participant | February 2025 – March 2025

- Actively participated in the "Recursion" UI/UX competition, further developing practical design skills.
- Gained experience in rapid ideation and design execution within a competitive environment.
- Expanded knowledge of UI/UX principles through hands-on application and problem-solving.

### PROGRAMMING TADULAKO

Member | December 2024 – Present

- Recently joined with the aim of actively engaging in programming projects and contributing to the organization's initiatives.
- Intend to participate in collaborative efforts, enhancing programming skills, and support the organization's growth through teamwork.

### GREEN GENERATION SULAWESI TENGAH

Member | December 2024 – Present

- Managed and contributed to the organization's social media presence, enhancing community outreach and engagement.
- Actively involve in a youth-led environmental organization focused on sustainability initiatives and community well-being.
- Collaborated on a social project "Green Share & Care" event, demonstrating effective teamwork and communication.

---

# VOLUNTEER EXPERIENCE

## GREEN SHARE & CARE PROJECT

*Information Media Coordinator* | April 2025 – May 2025

- Coordinated a collaborative social project, "Green Share & Care," between "Green Generation Sulawesi Tengah" and "Green Generation Palu" at a local junior high school.
- Led and managed a team responsible for all information media, ensuring effective communication for the event.
- Provided hands-on support and guidance to team members in editing content for various project activities.
- Actively contributed to a community-focused environmental initiative, demonstrating strong organizational and team collaboration skills.
